

# MAKE A SAVINGS PLAN

**EXAMPLE:** Saving for a toy that costs \$20.

- Money needed: \$20
- Money saved so far: \$5
- Money still needed: \$15

## COMPLETE THE FOLLOWING:

A bike costs \$100.

You saved \$30.

Money still needed: \_\_\_\_\_

A book costs \$12.

You saved \$4.

Money still needed: \_\_\_\_\_

A video game costs \$40.

You saved \$15.

Money still needed: \_\_\_\_\_

A squishy costs \$6.

You saved \$2.

Money still needed: \_\_\_\_\_

Write your own savings plan.

- My goal: \_\_\_\_\_
- How much it costs: \_\_\_\_\_
- How much I have: \_\_\_\_\_
- How much more I need: \_\_\_\_\_
